Registration system manual

Chinmaya Vrindavan registration system is hosted by a provider BestClass (www.bestclass.us). This manual is a guide to the usage of this registration system.

Important Info:

- If you have registered in Chinmaya Vrindavan BestClass system before then you can use that account to login **otherwise** you have to register with a new account
- If you are a **Chinmaya Parivaar** member **please do NOT follow this manual to register** but rather please send a message to balaviharadmin@chinmayavrindavan.org and a Balavihar coordinator will contact you to guide you through the Balavihar registration process.
- The grade you get to choose in Balavihar for your child is the **grade your child will be joining in the Fall of the current year. No Exceptions!**
- This registration system is based on a shopping cart type design where you 'add to cart' classes for each of your children and pay at the end
- If you have any issues using the system please send an email to balaviharadmin@chinmayavrindavan.org and your concern will be addressed within 48 hours. Please include as much detail as you can and also provide all contact information in your email
- If you have any financial constraints in paying for the Balavihar or other activities please send an email to balaviharadmin@chinmayavrindavan.org

Important Note: The Balavihar fee for the whole family is \$750. You will notice, when adding your children, that for every child a fee of \$750 will get added to your cart. But at the time of checkout the sibling discount will get automatically applied bringing the fee down to \$750 for any number of siblings.

Please register all children and add all additional classes (e.g. language classes, adult study groups for you and your spouse) before checking out. If you complete the registration and come back to register for an adult study group, the system will treat it as a new registration and will charge a \$750 registration fee.

Please join an adult study group – its free with the Balavihar

When your children are attending their Balavihar class we urge you to attend one of the many adult study groups which come free with your Balavihar fees (except the Friday Advanced Vedanta study group which requires a fee for course material from Chinmaya International Foundation).

Seeing that you attend a study group will encourage your children to attend their Balavihar class and also you will learn a lot in order to guide your children on the spiritual path.

Study groups are excellent support groups for your spiritual growth and attaining inner strength and happiness

General guidelines for adult study group selection

- If you consider yourself a beginner, please go to 'Vedanta 101' study group
- If you have some minimal exposure to the scriptures like around 2 years either in Chinmaya Mission or any other similar organization then please go to the 'Bhagavad Gita' study group
- If you have spent more than 5 years in attending Chinmaya study groups please go to the 'Advance Vedanta' group
- You can also instead join one of the bhajan or sloka chanting groups if you are inclined towards them

If you cannot make a decision about the study group just select 'Vedanta 101'. We can switch you later to any other study group. Operationally this is less complex than you not selecting any study group

8. To select an adult study group click on the 'Add More' button on the previous screen (#7 above). This will bring you to a page where you can find the study groups available for that session. Scroll down to see the study groups as shown below. Click on any study group to read details of that group to help you make a selection. If you want some broad guidelines for selecting a study group please see the decision box above. Once you have made a decision click 'Add' and then 'Add to Cart' (see next pic below) after selecting a participant (you, your spouse or any other adult members of your immediate family like your parents are eligible) and agreeing to the waiver. Repeat these steps for every adult member that want to join a study group.

NOTE: Although you are logged into your account you will still need to add yourself as a 'participant' using the 'Add New Participant' (see #6 above). Also note that each adult can choose their own study group
